Rainbo - no sides

## Choice of fabric

Sunbrella® fabric is a tightly woven acrylic. It has the look and feel of canvas, yet has the durability of acrylic. Sewn with Goretex® thread, guaranteed against seam failure, this is a superior fabric cover that will last for years to come. 5 year warranty.

Textilene® fabric is an open weave vinyl fabric which allows you to see through the fabric. Textilene® filters up to 94% of incoming UV rays and solar heat, yet allows light to come through. 5 year warranty. Several colors to choose from.
